- The Embraer Legacy 650 offers the largest cabin in its class. The standard cabin configuration offers 13 passenger seats in three sections, that convert to six flat beds.
- With a range of over 3500 miles, the aircraft can fly up to 8 hours, reaching destinations in the US, Africa and the Middle East.
- The Legacy 650 is one of the most reliable corporate jets ever built. Being a derivative of an airliner, the aircraft has flown over a million flying hours, with an excellent safety and dispatch record.
